WALL COLLAPSES ON CHARLESTOWN GAS STATION

Tons of rock and dirt showered down into the open space in front of the Atlas service station at 113 Chelsea street, Charlestown, today, when a supporting wall, undermined by the rain, caved in. Two automobiles were buried and a large stone crashed through the roof, landing at the feet of Joseph Magno of Norman street, Boston, in charge of the filling station.

Compounding Felony
Books Too Dear
2 Jobs for Ford
A Rabbit Shoots

THURSDAY ARE LAWS against compounding a felony. If a man steals your money, and you pay him to bring it back, you are guilty of a crime. Financial institutions, however, and concerns that issue insurance against loss by theft, forgery, etc., make a regular business of compounding felonies.

IN NEW YORK recently, a young criminal named Pini stole \$250 from a bank. The bank allowed him to go free, on his promise to pay in installments. That was compounding a felony, as well as committing a crime. During his freedom this young man killed another boy named Nye.

JUST AS a public service the mother of that boy ought to sue the bank that compounded the murderer's felony. If the bank hadn't committed the crime of compounding that felony, the murderer would have been in jail and his victim would not have been killed.

WINSTON CHURCHILL says books cost too much. "Too much" is putting it mildly. A reader pays two dollars for a book that can be manufactured for twenty cents, and for a really good book, such as "The Golden Bough," now published in two volumes, he pays ten dollars or more for what can be produced for one dollar.

WHEN HE GETS ought to start a book publishing business, and show publishers how to make money without charging too much for their books. Where would Ford be with his automobiles if he charged three thousand dollars for a runabout?

WOMAN CRASHES INTO BUS

Martin Hays, G. O. P. Leader, Assaulted Fitzgerald Asks Goodwin Probe

OFFICIAL ATTACKED BY RILEY

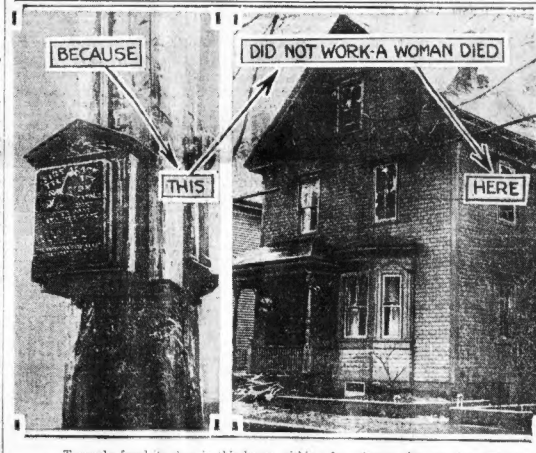

A legislative investigation of the office of Frank A. Goodwin, registrar of motor vehicles, was promised today by Representative John I. Fitzgerald, and no sooner had this developed when Judge Thomas F. Riley of Malden opened a blast against the registrar, declaring that he abused his power 100 per cent.

Both the legislative investigation threat and the onslaught directed by Judge Riley was in answer to the sweeping attack made by Goodwin on "jury fixers, politicians, lawyers, judges and parole boards"—and on Fitzgerald in particular.

"The only way to stop Goodwin's empty promises is to give him some work to do and keep him busy," Judge Riley asserted.

"Goodwin's office is 95 per cent. and the discretionary power he abuses 100 per cent."

WOMAN DIES AFTER SAVING TWO

Tragedy found its place in this house within a few minutes after two lives had been saved. Mrs. Sarah E. McDowell died during a fire in her home at No. 19 Montrose street, Somerville. Her son, who with his wife had been awakened by her, had gone to ring in the alarm, but the box didn't work and the fire gained considerable headway.

DRYS APPEAL TO POPE PIUS

Washington, Dec. 4 (A.P.).—An appeal to Pope Pius XI, for moral support of "civil authority" in the United States, was made public today by the United Committee for prohibition enforcement made up of a number of Catholic and Protestant reform organizations.

In a letter to the Vatican, the chairman of the committee, Clinton N. Howard, referred both to prohibition and to the Ku Klux Klan. He said the appeal had been "authorized and approved" by the committee, which yesterday sent to the White House a communication directly appealing to President Coolidge for better prohibition enforcement.

TRUCK SKIDS, BUS WITH LOWELL CROWD HURLED INTO TREE

Eighteen persons were injured, many of them seriously, when a heavily-loaded truck and a Manchester to Boston motor-bus collided on the State highway at the Lexington-Woburn line today.

The motorbus, which was filled to capacity, was shunted off the road and crashed into a tree, which, felled by the impact, telescoped the bus, cranking through the length of the vehicle and striking the passengers.

MARTIN HAYS PUNCHED IN JAW BY MAD CLIENT

Martin Hays of Brighton, Republican whip of the Legislature and a politician prominent throughout the State, was assaulted in Tremont street today by William J. Sullivan, a Stoughton man and former client of the legislator and lawyer.

According to Hays, who was surrounded to talk only reluctantly, Sullivan jumped into him and Hays fell to the sidewalk in front of the Kimball building, where Hays' office is located.

GENERAL NEWS SECTION

THE PRESIDENT AND THE FIRST LADY WILL BE VERY MUCH AT TOP OF THINGS IN CHICAGO

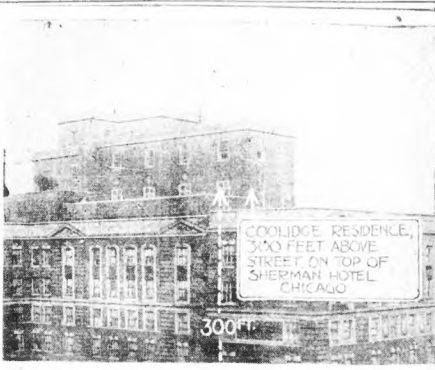

President and Mrs. Coolidge will be living high in Chicago on Monday, where the Nation's Chief Executive is to deliver a speech from the top of the Hotel Sherman, 300 feet up in the air.

The "White House in the Sky," a complete bungalow of the Hotel Sherman in which the Presidential party will reside during their stay in the second city of the land as guests of the Chicago Chamber of Commerce.

Of course, workmen are busy doling up the Presidential suite. Electrician William F. Herig is shown above, busy assembling the special fixtures to light the apartment.

The upper stories of the Hotel Sherman, one of the leading hotels of Chicago. The picture gives a faint idea on how high up the President will be when delivering his speech to which radio fans all over the United States and many on foreign shores will be listening in.

FORD FIDDLER IS DECEIVED WITH MAIL

Norway, Me., Dec. 4 (A.P.)—When Henry Ford visited A. M. McNeill's Portland, Me., chicken plantation, 12-year-old fiddler, to go to Dearborn, Mich., and play for him, the automobile manufacturer started something for "Mellie."

"Mellie" received a telephone call and a huge stack of mail before "Mellie" left his farm today and night. Post-office officials said that "Mellie" would be larger than that of the "other" Mellie. The message contains all sorts of proposals, from arrangements for his trip to offers to go on the stage.

Norway and South Paris, two bustling Maine towns, are going to give "Mellie" and his wife the biggest send-off ever, on Monday morning. Schools and stores in both towns will be closed. There will be a parade and ceremonies at the local railroad station. Governor Ralph O. Brewster and staff have accepted an invitation to be present.

SECOND TRIP OUT OF STATE.
Mr. and Mrs. Ford have never been out of the State but once in their long span of years and that time was for a day's trip to Boston. They will travel to Detroit in a private car by way of Montreal.

Incidentally, it has become known the Maine farmer played a very important part in the discovery of the North Pole by Explorer Peary. "Mellie" is an expert snowshoe maker and it was on snowshoes made by the fiddler that Peary trudged North. Lieut. Condr. MacMillan, another Arctic explorer and native of Maine, always takes a pair of "Mellie's" snowshoes North with him. The fame of "Mellie" has spread beyond the United States border and the Canadian Snowshoe Club will give the Maine man and his wife a big time in Montreal.

In Vermont, All the Coolidges Are Related

Bridgeport, Ct., Dec. 4 (A.P.)—Jesse James, army recruiting sergeant here and a distant relative of the bandit of the same name, today called John F. Coolidge of Vermont, who claims that he is as closely related to President Calvin Coolidge as the sergeant is to the deceased bandit.

Coolidge said that all the Coolidges in Vermont are related.

The corporation are the General Electric Company, United Fruit Company, American Telephone and Telegraph Company, Wireless Specialty Apparatus Company, Western Electric Company and International Radio Company.

MURKIN AND WHIFFLE.
Damages are sought by Professor Pressenden under the Sherman and Clayton antitrust law. The Boston law firm of Hurlbut, Jones & Hall, and Attorneys How & Jones and Sherman L. Whipple represent the plaintiff in the suits. Professor Pressenden was once popularly known as a "wizard of electricity." He was awarded damages of \$40,175 against the National Electric Signaling Company in 1912 for breach of contract. He was the inventor of the wireless instruments used by the company.

COOLIDGE LAUDS AIR PROBERS

Washington, Dec. 4 (A.P.)—President Coolidge's appreciation of the work of his aircraft board which recently submitted its report was acknowledged in a statement issued today at the White House. The President declared the work of the board as having constituted "a searching and impartial investigation" of this subject.

RAIN TO KEEP UP FOR 24 HOURS, FORECAST

New England, long the target for every variety of storm once winter sets in, played in luck for once, for the southern hurricane which was whirling its way here with a wake of destruction on land and sea encountered something on the way that robbed it of its teeth.

The New Jersey coast acted as buffer for points north, and the tempest spent itself in the waters off that State, even sending the inland run runners scurrying for safety, with an incidental loss of valuable cargo.

However, New England gets the aftermath of the destructive gale, and the rain which now prevails will continue for another twenty-four hours at least, according to the local weather.

It is more than probable, too, he adds, that Sunday will be a day of showers.

The remnant of the southern storm combines with a low pressure rainfall working eastward from Oklahoma through the Mississippi Valley. Rain and snow are general in the path of this storm.

Especially high rides as the result of the union of storms are reported all along the New England coast. While the wind is high along the coast, Rock Island appears to be the center target, as the northeast there has received a sixty-mile gale.

There is little change in temperature prophesied by the local weather bureau; the northeast wind probably shifting to east and southeast.

Peter Ricebome, twenty-seven, of No. 25 Liverpool street, East Boston, charged with manslaughter in connection with the death of eight-year-old Lillian Torro on the night of November 22, was held on for the Grand Jury by Judge Lane in East Boston Court today.

LARZ ANDERSON BRIDGE CLOSED AFTER STORM

The Larz Anderson Bridge which spans the Charles River on Boston street near the Harvard Stadium was temporarily closed to traffic today when it was discovered that the wooden pavilion on both ends of the bridge loosened by the heavy rains of yesterday.

Workmen were busy this morning repairing the damage and it is expected the bridge will be reopened tomorrow morning.

The condition of the bridge was discovered last night and the Boston police station was notified and traffic lanterns were unobscured on both ends to stop the traffic.

The water had seeped under the wooden pavement and lifted the blocks so far that the bridge was rendered unsafe.

Sister-in-Law of Vivien Gould Injured in Fog

London, Dec. 4 (A.P.)—A notable "peacemaker" fog that killed one London today caused much traffic congestion and a number of accidents.

Georgette Lady Darnley, widow of the fourth Baron Darnley, was killed in law of Vivien Lady Darnley here today when she was struck by a car on her way to the Crystal Palace. She was taken to a hospital with a bad wound in the face. Lady Darnley is widely known as a dog exhibitor.

Many other collisions were reported between cars and buses with a number of casualties.

The fog caused much confusion of city workers. It held up traffic along the Thames to the extent and forced cancellation of all ferry services.

Further ahead the fog was almost as dense, impeding railroad traffic, ships reports from the channel ports indicate that it was of record density there.

ALWAYS HAVE A BUT ON HAND, SAYS FAY

By FAY KING

You can't blame your pocket being by the advice banks and still be sure for saving money, because it always lands on a "rainy day" and independent old age and things seem so far away and utterly impossible that you don't want to take them seriously.

When one is young, life seems a long, sunny trail bordered with beauty and sunbeams. The young and happy heart does not dwell upon the dark clouds of disappointment, illness, misfortune and mistakes that life can bring.

There is a world of wonderful dreams that can come true! Everything strange and wonderful and lovely has a strong appeal for youth, and money to them is only a means to obtain them.

Therefore, give advice to youth regarding saving, is to save for something. It is not a "rainy day" that is added by a certain sum, no matter how small, and keep in mind the fact that the money you mean to have when you have saved the amount is now.

No matter how small the weekly deposit may be, every penny added helps form another dollar.

And the result will be astonishing. Interest will accumulate and that is added by the bank to the money you have put in, and the course of time you will find dollars added to your account that you do not put in.

And the ultimate result of your saving for something (which is that you will form the habit of saving and that which you save for something, which you will likely end in spending for something else).

A friend of mine started a small savings account because she wanted a wrist watch that cost \$10, when she had saved fifty dollars for the wrist watch, she decided she'd rather have a diamond ring, and when she had saved enough for the small diamond ring she decided she'd rather have a fur coat, and when she saved enough for the fur coat she decided she'd rather take a trip in Europe, and when she had saved enough for a trip in Europe she met a nice young man.

SAVE EVERY PENNY YOU CAN, FAY KING SAYS

IT'S EASIER TO SAVE FOR SOMETHING "FOOLISH" THAN FOR A RAINY DAY!

40 MINERS TRAPPED IN FLAME-SWEPT TUNNEL

London, Dec. 4 (A.P.)—Twenty-four men were trapped in the Cardinal tunnel, a property of the Phoenix Mining company, by a fire that broke out in the workings today. The mine is twenty miles west of one of the rescue crews were rushed to the scene.

Miners officials said they feared the imprisoned men were unconscious from the heavy smoke pouring into the tunnel and which prevented rescues from entering.

"STOLEN" \$140 RETURNED TO CITY HALL OFFICE

A strongbox containing \$140 stolen from the Boston Water Department two weeks ago, was returned today with all the money intact. Where it has been no one knows. And Christopher Chavert, chief engineer of the department, says he doesn't care as long as the box is back.

When the money was stolen an edict was issued that meter readers would have to pay their own traveling expenses, but with the return, the edict was lifted.

**J. P. Collins Protects
Against Loss and Worry**
When you buy a piano from me you
are protected beyond all worry in case
of sickness, death or unemployment
as far as payments at that time are
concerned. I will gladly extend your
time 6 months or a year, giving you
or your family sufficient time to get
adjusted financially so that it will not
be a hardship to make your payments.
A customer of mine is relieved from
payment, worry and loss. That is
why people have confidence in me
and my methods.

**Don't Waste Your
Christmas Club Checks**
You have shown excellent judgment
in practicing thrift this year and are
to be commended for it. Now don't
fritter away your savings on worth-
less things. If your home needs a
player or a piano use your check or
part of it in the purchase of one. It
may seem that I may be selfish in in-
viting this advice, but remember a piano
will last you and your family a life-
time, while ordinary Xmas gifts are
gone and forgotten in a few weeks.
My advice is sound and for your
benefit.

fer Lucky Strike because it's really different." Why?

Because it's toasted

There are countless brands of cigarettes on the market—we've counted over 200. Yet there is only one for which you can give a real reason for preference.

There's only one Lucky Strike—only one cigarette that

offers that costly extra process—toasting brings out the hidden flavors of the world's finest tobaccos.

Only one that has a definite reason for its superior flavor. That's because

Who was it that said that the only way to get rich was to get rich?

That was said by a man who was not rich.

But it is a question that is asked every day.

And the answer is that the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.

And the only way to get rich is to get rich.
